Canvass Fails To Disclose Major New Source of Uranium As Yet

### SEARCH JUST BEGUN

Geologists Say Uranium And Thorium May Be Plentiful

Atomic energy in its applications to fighting disease, improving agriculture and providing motive power promises a life of unprecedented richness to mankind. This is the last article of a series describing the potentialities of "atomic magic" in such endeavors.

By Darrell Garwood

INS Staff Correspondent

WASHINGTON, Mar. 9 — (INS)

The search for new sources of uranium to assure full exploitation of the infinite possibilities of atomic power may one day give rise to vast mining ventures dwarfing any similar operations in world history. Experts estimate that the known quantities of uranium and thorium needed to keep atomic "perpetual furnaces" going are sufficient to supply all the world's power needs for 250 years. But the estimates assume a high efficiency in application that may not be achieved.

There is no way of knowing, for example, what proportion of the supply will go toward production of atomic explosives.

The quest for new sources of uranium shapes up like this:

1. Since the war a thorough canvass of the earth's surface has failed so far to disclose a major new source of uranium to compare with those that were already known in the Belgian Congo, Canada and Czechoslovakia.

2. However, the search for sub-surface uranium scarcely has begun. The geiger counter does not detect uranium beyond two or three feet in depth, because the neutrons which the instrument counts are absorbed by the intervening soil.

3. There is reason to believe that subterranean deposits of uranium may be more plentiful than those

TREVOZE, Mar. 9.—The Women's Republican Club of Lower Bucks County players will repeat the three-act play, "Aunt Samantha Rules the Roost," Trevoze community house on Friday evening at eight. The proceeds will benefit the ambulance fund of Trevoze Heights Fire Co.

This humorous play, which has a cast of 11, was presented in November at the community house. Mrs. Adelaide Ross, of Feasterville, and Mrs. Irma Nagle, of Siles, are directing it.

## HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All In The Various Communities

### GLEANED BY SCRIBES

Over 200 men and women from 12 of the 13 lodges affiliated with District No. 2 of the Eastern Pennsylvania Moose Association, attended the monthly meeting at the Doylestown Moose Home, Sunday.

State Director Chester Steffen, of Sellersville, Pennsylvania's No. 1 Moose, was a guest speaker. He informed members that the Moose had accomplished a great deal in the sections of the State where the children of coal miners have been suffering from lack of food and clothing.

In the Pittsburgh district alone—at one meeting recently—more than \$5,000 was collected to relieve suffering among the children.

Other speakers included Governor Harry Haeffle, of Philadelphia; Thomas Lemal, Jenkintown, vice president of the Eastern Pennsylvania Moose Association, and athletic director of the district, who outlined plans for baseball and other sports to be played in league competition during the summer season.

## Wills Money to Church And for Cancer Research

DOYLESTOWN, Mar. 9.—A woman who had been employed by the Intelligence Company here for a half century will fund a local church and also some for cancer research.

The deceased, Miss Helen D. Knowles, a retired linotype operator, died January 29th. She directed that the Institute for Cancer Research, Phila., inherit the residue of her \$3,000 personal estate.

Miss Knowles, who made her will October 19, 1949, bequeathed \$100 to the Presbyterian church, here.

She stipulated that Harry and Mae Jock, Horsham, should inherit \$1,000 and the household goods and garden tools. The person in charge of the fires and her home at the time of her decease was to be given \$200, the testatrix wrote. Mrs. Katherine Richter, this place, was bequeathed \$100.

Miss Knowles directed that her executors, Arthur M. Eastburn and Harry Jock sell ten storm windows, eight outside blinds, an electric hot water boiler, range and kitchen base and that the proceeds become a part of the residuary estate and cancer research bequest.

## "THIS IS NOT FICTION"

(Newtown Enterprise, Mar. 2nd)

It is difficult to make facts and figures on government financing interesting and understandable in a newspaper story. Particularly has the term 'deficit financing' found the man in the street scratching his head in confusion.

But here is an editorial from the CLEVELAND PLAIN DEALER which is an outstanding contribution towards a better understanding of their government by the average citizen. We print it in full.

\* \* \* \* \*

Will the reader pretend that he has an obscure neighbor by the name of Harry Truman? And will he pretend that Neighbor Truman has decided he must borrow money, a decision which many of us ordinary folks have reached at times in the tempestuous course of life?

Neighbor Truman, we're going to pretend, steps into the bank to apply for the loan, and we're going to have the privilege of observing the transaction.

"I want to borrow \$500," says our neighbor. (Now most will anticipate the next few questions, having been through it.)

"Do you have any debts at the present time?" the banker inquires.

"Yes," says our neighbor. "I owe the bank at this moment about \$25,000."

"What is your annual income, Mr. Truman?"

"I have take-home pay amounting to \$3,750 a year," says he.

"Hm-m-m-m-m," the banker hmms. He at once is suspicious of the client's ability to pay the old debt without \$500 more added. And aren't his eavesdropping neighbors suspicious too?

But the banker gives allowance for unforeseen circumstance. So he asks Mr. Truman, "Do you think you will be able to save a large portion of your income this year and each succeeding year to reduce your indebtedness?"

\* \* \* \* \*

"OH, no," Neighbor Truman replies to the surprise of the banker, and the neighbors listening in. "My necessary living expenses this year will be \$4,250. I'll be forced to spend more than I earn."

"Pardon me," the startled banker interjects. "Do you mean that, owing already an amount that constitutes seven times what

## NEED VOLUNTEERS TO GIVE BLOOD DONATIONS

Red Cross Bloodmobile To Come Here March 24th If Enough Sign

Announcement is made by Mrs. Harry T. Neher, chairman of the Bristol district Red Cross Blood Donor program, that the tentative date for the Bloodmobile unit to visit here has been changed to March 24th. The date which had been originally set for March 23rd, had been reserved at Philadelphia R. C. headquarters for another community.

In making this announcement, Mrs. Neher pointed out that in order to insure the Bloodmobile visit to the Bristol area, 150 advance donor pledges are needed. A coupon for this purpose has been printed in the Courier and will be continued at intervals for the next two weeks.

## IST BIRTHDAY PARTY

Victor David, son of Mr. and Mrs. Victor Kotunok, Fleetwing Estates, marked his first birthday anniversary, Saturday afternoon, with the traditional cake with one candle, ice cream, and other goodies. Those who gathered to help him celebrate included his sister Gloria, Margaret Ann Accardi, Herbert Phillips, Lawrence and Earl Paulus and "Billy" Patterson. Refreshments were also served to the mothers: Mrs. H. Phillips, Mrs. Lawrence Paulus, Mrs. William Patterson and Mrs. Frank Accardi. Husbands were later invited to complete the gathering.

## Bristol Casting Team To Take Part in Finals at Phila.

As a result of a victory earned by the casting team of the Bristol Fish & Game Protective Association in the preliminaries for the Middle Atlantic team championship, held at the Philadelphia Sportsmen's Show Saturday evening, the group has earned the right to cast in the finals for the championship tomorrow evening at the Municipal Stadium.

Competing for the Bristol aggregation last week were: Arnold North, Homer Hobbs, William Durr, George Eising and Otis Hobbs. The latter, present holder of both the indoor and outdoor national five-eighths ounce accuracy individual plugging titles, led his team with a score of 99.9 out of a possible 100. More than 25 teams from all sections of the east have entered the contest.

## News of Schools In Area . . .

### Bristol Township

On March 31 and April 1st, the Future Homemakers of America will hold their annual convention in Scranton.

The Bristol township junior high school F.H.A. Chapter will be represented at the convention by two members of the chapter and Miss Rosemarie Miles, chapter advisor. The girls who will represent their chapter will be selected on the basis of their contribution to the club program, knowledge of the history, creed, and constitution of the F.H.A. and their participation in the club activities.

The girls will have opportunity to meet girls from other district chapters and in turn will be able to make their chapter and its activities known to them.

Some highlights of the convention will be a banquet to be held on Friday evening, a fashion show and luncheon on Saturday afternoon and nomination of state officers.

## Three Boroughs Fix Tax Rates for The Year

Three Bucks County boroughs have set tax rates for the year. The tax rates were announced in Dublin, Perkasee and in Newtown.

Newtown Council devoted most of its time, to making a study of the year's budget, fixing the tax rate and hearing reports of committee chairmen.

Based on a nine-mill rate, the budget for the year was fixed at \$28,068.21. This is slightly in excess of last year. The tax rate will remain the same.

The 1950 budget was adopted and the tax rate was fixed at twelve mills at a session of the Perkasee Borough Council, in the borough hall.

Adopting the 1950 budget, Dublin Borough Council decided to keep the tax rate the same and set it at 15 mills.

President Clarence Schmell, who reported the 1950 budget to be \$6884, said the estimated expenditures will be \$6,046 and receipts, \$6884.

Of interest on the budget is that police protection costs \$900 and street lighting \$650.

## HOLD BRISTOL MAN IN FATAL ACCIDENT

Car Driven by R. P. Stout, Landreth Manor, Hits Two in Philadelphia

### ONE DIES OF INJURIES

PHILADELPHIA, Mar. 9.—(INS)—R. P. Stout, of Manor Circle, Landreth Manor, Bristol Township, was charged with involuntary manslaughter today after his car killed a 61-year-old Stetson Hat Company worker.

The victim, Joseph Baum, of Philadelphia, died in Frankford Hospital of internal injuries two hours after he was struck by Stout's car while crossing Roosevelt Boulevard near Sanger street.

Baum's wife, Theresa, 60, who was also struck, is in serious condition at the hospital with back injuries, fractures of both legs, and internal injuries.

The following committee were appointed: Hi-Y dinner, to be served March 25th, Mrs. Emma Vandegrift in charge of the kitchen, and Mrs. Granville Stevenson, dining room; student council dinner, March 30th, Mrs. David Neill in charge of kitchen, Mrs. Earl McEuen, dining room; Mrs. Arthur Fine will have charge of the hard party in the cafeteria, March 22nd.

Entertainment followed, with Mrs. William Boyd in charge. A television skit was given, with the following taking part: Mrs. Arthur Phipps, Mrs. Frank Kelson, Mrs. Earl McEuen, Mrs. Harry Almond, Mrs. Arthur Hinkley, Mrs. Walter Repella and Mrs. William White. Mrs. Boyd was pianist. Refreshments were served by Mrs. Vandegrift and committee.

LANGHORNE

Mrs. Jennie Derry, Green street, was removed to Abington Hospital yesterday by Bucks County Rescue Squad.

Fortune smiles on those who make a habit of reading Courier Want Ads.

INFANT DIES

YARDLEY, Mar. 9.—The infant son of William E. Neely and Alice Gallagher Neely, died Tuesday in Mercer Hospital. The baby, William C. Neely, is also survived by his grandparents, Mr. and Mrs. William B. Neely, Sr., and Mrs. Frank Gallagher. Funeral took place today, with burial in St. Ignatius Cemetery.

Two of the clubs expressed desire to have a free flight event at each of the contests. This however was not included since only two clubs have sufficient flying space. It will be taken up at the next meeting after each club has had the opportunity to search for a larger flying site.

Events that were decided upon for the first contests are: Hand-launched glider, standard speed event, team race, beauty event, a "fuel cut-off" device that must be used in AMA sanctioned contests was voted unnecessary but bonus points will be awarded to any contestant using one.

A successful "point system" for individual clubs was described by Clarence Huber of the Quakertown club. Several other clubs plan to adopt it.

Representatives of the following clubs were present: Doylestown Kiwanis Aero Club; William Jacobs and M. Friling; Quakertown Kiwanis Aero Jockeys; Clarence Huber and Willard Pettibone; Newtown Model Aero Club; Earle Graff and Charles Young; Croyston Clubsters; Clarence Wells and Gerald Epp; Bristol Aeromodelers, William Rasmussen and Albert Abrams, Sr.; Hathboro Aeromodelers, Ralph Biddle and Frank Horn.

## TO SAVE \$100,000,000

Senator Douglas of Illinois is a "liberal" who seems to be appalled by the current cost of liberalism to the taxpayers. He believes he knows ways of saving money that would cut the federal budget by \$5,000,000,000.

One way to cut down spending, he says, would be to change the conditions of work of government employees. Senator Douglas believes that cutting six days off their vacation leave each year would work no great hardship on them. And it would save the public \$100,000,000 annually.

Government pay has now been raised for most jobs and is better than rates in private employment. As for federal vacations, they are more than adequate. Employees can take up to 26 working days as vacation leave each year. They are also allowed 15 days' sick leave without loss of pay.

An argument on the other side is that government workers do not get severance pay, unemployment compensation benefits, or the full Townsend Plan. So they save up their vacations—they can accumulate a total of 60 days—and their sick leave, which can be piled up to 90 days, against the day when they may be dismissed.

But the fact that federal employees seldom quit is proof that economies can be effected in this field. Congress might start there and move on to other steps later.

## CITIZEN SOLUTION

All citizens ought to have their minds at work attempting to solve some of the problems of the country, just as Morris Coover of Kinsley, Kans., has. Coover, a businessman and farmer, has been concerned about the huge surpluses of wheat which he knows will wreck his section of the country if allowed to ride along.

He knows the basic problem is not price propping or taking more land out of production, but finding more markets for wheat. American diplomats seem unable to get in contact with the hungry people abroad who could use the surplus wheat. So Coover conceived the idea of putting more wheat in a loaf of bread.

He talked a bakery into making a loaf containing 16 per cent more wheat than the average loaf. That bakery's sales have increased 75 per cent since the new recipe was adopted. Consumers seem to like it. Coover estimates that on this basis the American people could consume 100,000,000 bushels more wheat than they do now.

Coover originated this idea without help from statesmen in Washington or leaders of organizations. It's a system to be commended to every citizen.

A man was formerly able to sleep and dream that all was beauty. But in these times such dreams are likely to be interrupted by nightmares.

If Joe Stalin is up on his history, he will recall that another man who tried to take over the world was warned against the idea of March.

you'll take in during a year, you're going to spend more than you earn."

"That's right," says Neighbor Truman. "You see I must provide tuition at private schools for my children. I must help a poor relative set up a new business in which he's going to lose money for a long time to come."

"Just what kind of business is that relative going to sink your money in?" the incredulous banker asks.

"Why," says Mr. Truman. "He's got a wonderful humanitarian idea. He's going to sell milk to the Hottentots at a price they can afford to pay."

"But just those things won't eat up your whole income this year, will they?"

"No, but that isn't all," says Mr. Truman. "I am building security for my children by putting price supports under them. My boys sell newspapers to the neighbors at a nickel apiece, but I give them an extra nickel. My daughters make lamp shades which they sell for \$5, but I don't think that's a fair price, so I give an extra \$2 for each one they sell. Besides, my wife wants a television set."

The banker now steps aside to get his breath. Here's a fellow who owes more than he can ever repay if he lives frugally below his income seeking to borrow still more, and at the same time boldly proclaiming his intention of carrying out fantastic money-spending schemes.

What will the banker do?

Will he lend the new money? It's silly even to ask the question.

This scene is not fiction. It constitutes a faithful reproduction of the program set forth in regal solemnity by President of

the United States Harry S. Truman. Multiply all figures by 10 million and you have the Truman budget, his plan of government, the government's income, and the government's debt.

In this case Congress is the banker. If it makes the loan, Borrower Truman's note will have to be signed by the taxpayers, which is to say by all the people. Who, in his right mind, would voluntarily sign the note of such a profligate spender?

## Customers' Corner

We want to be good citizens in the towns in which we do business. We try to earn that rating by doing the following things:

1. Giving our customers good food and good service at low prices.
2. Dealing honestly and fairly with our customers, our suppliers, and our competitors.
3. Furnishing good jobs and good opportunities for advancement to the local citizens who work for us.
4. Cooperating in worthy civic activities.

Are we good citizens in your town? If not, we would consider it a favor if you would let us know. Please write:

A & P's Close-Trim "Super-Right" Meats are selected for quality—more waste is removed—therefore you get greater value!

Other cutting methods often give you portions of coarse meat you can't always put to the best use; for example, the short ribs on rib roasts, the tails on steaks, and the long rib bone on chops and roasts. A & P's "Super-Right" policy gives you close-trimmed meats... eliminates the usual waste. There is only one price on each cut of "Super-Right" meats—as advertised.

# News of Schools in Area Bristol Township

Continued from Page One

The chapter will have one voting delegate.

They will be able to bring back to their club many interesting accounts of other district activities which it is felt will strengthen bands of friendship and cooperation between the township chapter and other state chapters.

Pupils in Edgely primary school had interesting experiences in poster making for the P.T.A., which is getting ready for a bake sale. Pictures and catchy words and rhymes were employed.

One group in second grade is making a picture map of Edgely, on which it is showing means of transportation. Through this study pupils have learned how their community reaches out into larger communities. Likewise, pupils have become aware of dependence upon other communities and people for comforts in everyday living. They observed that other communities provide employment for members of families living in Edgely, and that only through modern methods of transportation they can avail themselves of these opportunities. Appreciation of homes and community has grown out of the study.

Two groups of second graders are being introduced to fundamentals in music by the music supervisor. The work began by telling the story of "Mr. and Mrs. Treble Clef" and their children. Pupils have responded to this new phase of music instruction and are gleefully reading notes with the teacher.

Miss Janice DeWees, of Newportville, taught first grade for Mrs. John Daltry on Friday. Mrs. Daltry's four year old daughter, "Judy," underwent an appendectomy at Bryn Mawr on Friday.

Edgely first grade welcomes a new pupil, "Billy" Heilbrun who recently moved to First avenue in Edgely.

The two first grade groups are studying trains. The children have shown great enthusiasm and have taken from home many pictures and stories. They have learned train songs and enjoy drawing train pictures. They anticipate building a toy train.

The second grade pupils at Edgely primary are much interested in a project on birds and trees. After several discussions on birdhouses, each child built a house, following simple chosen rules. These houses

have been taken home to be put in trees. One big chart has been made and each child has put his name on it and the date he hung his house. There is also space to be filled in as the boys and girls take a note from mother or daddy, saying a bird has made his home in their house. The children are excited and anxious for spring and the birds to come—each hoping his house will be occupied by a wren or bluebird. Paragraphs on bird-houses were written, these to go into a project booklet.

The children have made and labeled charts of specimens of bark and wood, they took in from many trees. As the leaves and blossoms appear these, too, will be charted and labeled. The story of the sugar maple, and the making of maple syrup and sugar is now in progress. Pictures and stories showing the various steps in maple sugar making are being collected. Samples of maple syrup and sugar will also go on the chart. The bulletin board is being filled with pictures of birds and trees. As the warm weather comes, field trips will test the children's ability to recognize birds by their color, flight and song, and the trees by their bark, leaves and blossoms.

The music supervisor has been teaching the children bird songs. She also told them about her feeding station and the many kinds of birds who feed at it. The entire project has interested all the children in the school. One group has discovered pigeons coming to the building each day.

Mr. Jackson provided specimens of boxwood, balsa and mahogany.

The influx of children into the Croydon schools is making a difficult situation, attempt being made to provide each child with a seat which he calls his own. And so the arrival of some new furniture for the second grade has made quite a few little boys and girls happy. A new desk and chair is something that delights the heart of all young children.

The teachers of Croydon school attended the "Rhapsody of Roses Pageant" which was held in a store in Phila. on March 2nd and 3rd.

The sixth graders who are now studying "South America," are very interested in their work, and so they have enthusiastically set about writing letters to various sources, for information which will be of help to them. The answers are starting to arrive now and each pupil is

happy and excited waiting for his individual reply to come.

## St. Mary's Hall

Porges, New York City, will open the Forum. This was the topic on which a group of St. Mary's students debated on the negative side at a recent Forum in Philadelphia of the Students World Affairs Council of the Philadelphia branch of the Foreign Policy Association.

The basketball game between St. Mary's and the George School, which was to have taken place March 1, was postponed because of the illness of some of the St. Mary's team, will be held in Burlington on March 19, at 3:30 p. m.

There is a treat in store for those who are interested in educational work among very young children. On the afternoon of March 15, the Lower School is holding one of its frequent Assemblies at 2:15 o'clock in the Gymnasium. The Third Grade will present "The Perfect Pearl," an amusing play being directed by Miss Ann Sharp, the Bennington College Drama Student, who has been spending her ten weeks non-resident work term at St. Mary's.

On Sunday evening, March 12, the Rev. Elbert St. Claire, Chaplain of the Episcopal Academy in Philadelphia, will preach at Evensong in the Chapel of the Holy Innocents. Mr. St. Claire is the brother of Miss Caroline I. St. Claire of the class of 1938, who is now at Lake Success as Secretary to Trive Lie, the Secretary General of the United Nations. Mr. St. Claire will bring with him the members of his Student Vestry at the Academy, two of whom will read the lessons for the day.

At four o'clock p. m. on the same day, Miss Olga Ball, the School's organist, will give an organ recital at St. Mary's Church.

## Uranium Search Might Mean Mining Ventures

Continued from Page One

at the surface, since the richest of the known deposits appear to have been thrust upward by volcanic action.

Helium is a product of radioactive decay—helium atoms are the beta particles of radiation—and the presence of helium gas may lead to discovery of sub-surface uranium. The U. S. enjoys a virtual

monopoly on Helium.

Government geologists say that uranium and thorium may be relatively as plentiful for the atomic age as coal is for the steel age. Most such scientists believe that the metals will always be available for mining, though costs of mining and extracting may go up.

Meanwhile, experts predict that the success of the "perpetual fuel" plan will to a great extent determine how fast atomic energy can be increased within limits set by the supplies of uranium and thorium. If the furnace produces 10 per cent more fuel than is burned, the "fire"—or atomic energy supply—can be built up gradually.

If the furnace produces 50 per cent more fuel than is burned, the atomic energy stockpile can be built up enormously.

Much of man's future as regards unbelievably better living through atomic energy may be read this year in the "perpetual furnace" flame at Arco, Idaho, where the atomic energy commission is building a reactor it hopes will create more fuel than it burns.

This is called the "breeder plant" because while some neutrons go on splitting atoms to keep the chain reaction crackling, others will be breeding new atoms to be turned into fuel.

AEC hopes that while the Arco

furnace "breeds" more fuel than it burns it will be "breeding" a brighter, happier world by making atomic energy available to power planes, ships, trains and autos; to provide cures for man's ills, more abundant food for his table and to serve untold other humanitarian purposes.

with a number of followers of the sport, Robert Stiner, Mr. and Mrs. Renton Meininger, Miss Marie Auerbach and George Hoffman. While making a run, Mr. Fretz, who had been a football and tennis star for Doylestown high school several years ago, apparently hit a small obstruction and fell. On being taken to the East Stroudsburg General Hospital it was discovered the ankle was fractured.

A temporary splint was placed on the ankle until the swelling recedes enough for a permanent cast. He is expected home about the end of the week.

Miss Joan Terry, Philadelphia, spent a few days last week with Mr. and Mrs. George Elmer, Locust street. Miss Dolores Elmer, week-ended with her uncle and aunt, Mr. and Mrs. Harry Donahue, Phila.

## Need Volunteers To Give Blood Donations

Continued from Page One

Assisting Mrs. Neher with this program are: Mrs. Clarence Kay, Mrs. John Leonard, Jr., and Mr. Frank Fuoco.

The average weekly intake of blood, both at the Phila. Blood Center, and through the operation of two bloodmobile units, has been 600 pints a week as of the end of January. This is slightly more than one-third of the 1,500 pints needed each week if all 78 hospitals now being served include: Philadelphia: Phila. Hospital for Contagious Diseases, Phila. General Hospital, Frankford Hospital, St. Agnes Hospital, Episcopal Hospital, Women's Medical College Hospital, St. Christopher's Hospital, Mercy Douglass Hospital, Graduate Hospital, Northeast Hospital, American Oncologic Hospital.

Bucks County: Doylestown Emergency Hospital, Grandview Hospital, Quakertown Community Hospital, Chester County: West Grove Hospital, Clement Atkinson Memorial Hospital, Delaware County: J. Lewis Crozer Hospital, Fitzgerald Mercy Hospital, Chester Hospital, Taylor Hospital, New Jersey: Cooper Hospital, Camden; West Jersey Hospital, Zabrugg Memorial Hospital, Burlington County Hospital, Atlantic City General Hospital, Somers Point Hospital, Brewer Hospital, Gloucester Co., Underwood Hospital, Gloucester Co.

However, the story of the Phila. Regional Blood Center which takes in this community, is not one of mere statistics alone. It is a day by day drama, so often expressed in the grateful phrase which comes in to the Center by letter: "You saved my life!" The Blood Service is but one of the 18 valuable services maintained by this chapter through the annual fund appeal this month. But it can succeed only with the full support of every member of the community.

of the Commonwealth against Joseph Smith, of 16 Green Lane, Bristol, yesterday, until Smith could undergo examination by a psychiatrist at a nearby institution.

Smith pleaded guilty to assault and battery upon his wife, Julia. For no apparent good reason, Smith is alleged to have beaten up his wife with his fists after supper on the night of Feb. 22. Mrs. Smith's family consists of seven children, ranging in ages from six months to 12 years.

John O'Donnell, 19, 2750 A street, Phila., who was sentenced Dec. 8, 1949, to serve not less than three months in the County Prison by Judge Biester, after he pleaded guilty to burglary, larceny and receiving stolen goods, was granted a parole with certain stipulations. He and two other young men, one of whom is his brother, were involved in damaging a service station in Pottsville while drunk.

The building will be of fire-proof construction and contain a reception room and doctor's bedroom in addition to a ward room and operating room. Guests at the camp will be given a complete physical examination on entry and departure in addition to any regular medical aid necessary during their stay.

Many Scout executives are expected to attend the dedication ceremony because of the proximity of the National Scout Jamboree at Valley Forge which ends July 6th. Stockham was connected with Scouting since 1928 and was one of the organizers of the local troop. For five years he was commodore

## An Exciting New Idea! No Sewing Necessary with "Pin-On" "Swivel" Buttons

**29c to 59c ea.**

Here's the newest idea since buttons were invented! So easy! Just pin on your buttons, and what beautiful buttons they are! Note the many advantages over the old-fashioned sew-on buttons:

- Just pin on . . . turn safety clasp . . . no sewing necessary.
- One set of "PIN-ONS" can be interchanged on dresses, suits, blouses, sweaters and coats. For your entire wardrobe!
- Can be easily removed when sending garments to the cleaners . . . no more costly replacing of lost buttons.
- These attractive "PIN-ON" buttons can be used as decorative accessories!
- Swivel feature eliminates pull or tugging on body of garment, thus protecting the fabric.
- Perfect fit — set pin in line with button hole.

Through the wonder of television you mingle with famous actors, have a referee's view of the game or cover news breaks with the reporters. Now, through this luxurious RCA Victor instrument, you can enjoy these scenes with pictures nearly the size of a newspaper page. You can enjoy the advantages, and the distinction of having the biggest Eye Witness television available.

Even when room lights are up pictures are bright, clear and steady . . . electronically locked in tune by RCA Victor's improved Eye Witness Picture Synchronizer. The Automatic Multi-Channel Station Selector makes program selection a simple and instantaneous operation.

Tradition has had its hand in the creation of a splendid cabinet of 18th century design. Fine mahogany, rich walnut, or at a slightly higher cost, modern blond finish.

Come see the RCA Victor 9PC41 . . . today!

### Today's Quiet Moment

By the Rev. William E. Hakes  
Pastor  
First Baptist Church

"Jesus said unto her, 'Said I not unto thee that if thou wouldst believe, thou shouldst see the glory of God?' (John 11:40)

Jesus spoke these words to a young woman whose brother had recently died. She had been convinced that if Jesus had been there, her brother would still be alive. But he was dead. There was nothing more that Jesus could do. But oh, how wrong she was. She probably felt like shouting a protest when Jesus had ordered the stone rolled away from the entrance to her brother's grave. But almost instantly, Jesus had shouted, "Lazarus, come forth." And a man who had been dead four days, was alive again by the power of Jesus Christ. You say that was almost two thousand years ago and we dare not believe such ancient accounts. God is still ready to show those who will in child-like faith, the glory of God. For He who spoke and brought a dead man from a Syrian tomb, can speak today, and order those who are dead in trespasses and sins to walk, alive unto God through Jesus Christ. His power has not run out but He is still able. He is still ready. He is still the One who will save if we will turn to Him, "for whosoever shall call upon the name of the Lord shall be saved."

observed his third birthday anniversary at a party at his parents' home Saturday afternoon. Refreshments were served to: Gail Lippincott, Mrs. Joseph Crawford and daughter Lynn, Mrs. Douglas Hutchinson and daughter Maureen, and son Douglas, Jr., Mrs. Robert Jones and daughter Louise, and son "Bobby." ## ROHM & HAAS CLINCHES FIFTH PLACE IN LEAGUE

The Rohm & Haas team clinched fifth place in the Bristol Basketball League last night as it whipped the Fifth Ward Sporting Club, 56-47, on the chemical workers' floor. Fifth Ward finished in the cellar as both teams completed its schedule.

Pacing the chemical mixers in their victory was "Jim" Egli who found the range of the baskets for 8 field goals and four fouls for 20 points. In the last three games, Egli has scored 52 points for the Rohm & Haas team.

The boys of Manager Jack Stein had the lead from the start last night as it made 16 points in the first quarter against Fifth Ward's 9. At halftime, Rohm & Haas was in front by a 30-22 count and the third period saw the Maple Beach contingent ahead by a 47-35 score.

"Augie" Everitt contributed 17 points to the victory while "Benny" Samuels had 11.

For Fifth Ward, Francis Constantino had 12 points and Joe Potenza, 10.

Sunday afternoon on the Rohm & Haas floor one game will be played with Tullytown playing Prof's.

Monday night, the playing shifts to the Bristol High School floor where Prof's plays Franklin and Tullytown meets the Hibernians.

## WALLICK LEADS FRANKLIN TEAM TO 72-62 WIN

Led by "Bill" Walllick, the Franklin A. C. won out over the Hibernians, 72-62, last night in an overtime game played on the Rohm & Haas floor. The triumph enabled the Franklin team to move to within one-half game of first place in the Bristol Basketball League.

Walllick scored 30 points in the Franklin victory and did his best work in the third period when he dropped in four straight shots for field goals and after Palumbo added another, he made it five straight on five attempts.

In the extra session, Franklin scored 18 points, 12 of which went to the lanky forward.

"Charlie" Simmons had an opportunity of winning the game in regulation time for the Hibeos. He was fouled in the act of shooting with ten seconds remaining to be played and his team trailing by one point, 54-53. Simmons made the first try to knot the count at 54-54, but missed the try that would have given his team the win.

Stan Lelinski and "Rabbit" Palumbo aided the Franklin team in scoring with 28 points between them.

For the losing aggregation, "Johnny" Rodgers had 21 points, Simmons, "Tommy" Donnelly, and "Bill" Burr also hit the double-figures.

## PLAN ACTIVITIES

CORNWELLS HEIGHTS, Mar. 9.—A meeting of the Auxiliary of Cornwells Fire Co., No. 1, was conducted on Monday evening in the fire station. Mrs. Edward Dyer presided. Proceeds from the luncheon of Feb. 22nd were \$16. A covered dish luncheon will be given on March 16 at 12 noon. On April 15, a pinocle and bridge party will take place, starting at eight. Final plans for the card party of Mar. 11th, were completed. Hostesses for the evening were: Mrs. Glenn Coughlin, Mrs. Hugh Deans, Sr., Mrs. Easley, Miss Helen Easley, Mrs. William Ervin. Refreshments were served to 25.

## FRACTURES HIP

Fracturing her hip in a fall, Miss Anna Foster, 241 Cedar street, was removed to Hahnemann Hospital, Philadelphia, in the ambulance of Bucks County Rescue Squad. Miss Foster fell in the kitchen of her apartment.

The squad also transported the following: Mrs. Joseph McDade, Croydon, to St. Francis Hospital, Trenton, N. J.; Mrs. William Eckstein, Fleetwing Estates, to her home from Abington Hospital.

## Cease Activity Aimed To Change Pennel Bus Stop

PENNEL, Mar. 9.—Thomas Perceci, who recently returned from a hospital, presided at the meeting of Associated Business Men of Pennel, held in Flannery's restaurant, last evening.

Members plan, next month, to turn over to the Pennel Recreation Board more than \$200, largely funds from the benefit affair given at the Legion country club home, Langhorne, two weeks ago.

The association is ceasing its activities aimed at having the Blue Coach line buses stop within the borough limits. Reason given for such is "lack of cooperation on the part of the bus line."

The next meeting will be held at Acosta's cafe.

## Hoax Used To Attract Man To His Own Party

William Carey, Fleetwing Estates, took his wife out to celebrate his birthday anniversary on Saturday evening. He thought his fun was going to be cut short, however, when his wife telephoned home to check up on the children, then told him their "sitter," Mrs. R. S. Bartholomew, had company and they'd have to go back home.

Mr. Carey was astonished when they walked into the house to find it full of friends who had gathered to wish him "happy birthday." The party had been planned by Mrs. Carey.

Guests included: Mr. and Mrs. R. S. Bartholomew, Mr. and Mrs. Walter Johannsen, Mr. and Mrs. Lawrence Harrison, Mr. and Mrs. William Drumm, Mr. and Mrs. Robert Guy, Mr. and Mrs. Samuel Barnes. Many gifts were received.

Dancing was followed by refreshments.

## GRAND CONSOLIDATED VIGILANT SOCIETY ELECTS OFFICERS AT WASHINGTON CROSSING

WASHINGTON CROSSING, Mar. 9.—Aaron K. Dolton of Somerton, Pa., was elected president of the Grand Consolidated Vigilant Society of New Jersey and Pennsylvania at the 61st annual meeting held Saturday in the Washington Crossing Inn. He succeeds H. Raymond Dye of Lawrenceville.

Other officers chosen by the delegates are Frank Carver of Hopewell, vice president; Walter Solly of Richboro, secretary-treasurer; and Edward R. Barnsley of Newtown, historian.

Delegates from the following companies presented annual reports: Alert Horse Company of Southampton, Pa.; Lawrence Vigilant Society of Lawrenceville; Lower Merion Society for Detection and Prevention of Horse Thieves and Recovery of Stolen Horses of Ardmore, Pa.; Newton Reliance Company, Pineville, Pa.; Vigilant Society of Pleasant Valley Pursuing Society of Titusville, Union Horse Company of Doylestown Township and Vicinity, Warren Horse Company of Warrington Township, Pa.; and Yardleyville Vigilant Society of Yardley.

The Bi-State organization is successor to the original United Horse Companies of Pennsylvania, New Jersey and Delaware founded in 1821.

Charles Woolsey of Pennington, secretary of the Pleasant Valley Society, reported that an examination of the minutes disclosed that in 1889 four sets of branding irons were forged with the letters "PV" on them. They were delivered to blacksmiths in the vicinity for the exclusive use on stock belonging to members of the society. Woolsey requests anyone in Mercer County who knows the whereabouts or disposition made of any of the irons to contact him.

The chief activity the past year resulted in a fight against the repeal of a section of a Pennsylvania law sponsored by the group 130 years ago. House Bill 907 would have abolished an old act that "encouraged the apprehension of persons who committed the crime of horse stealing" by offering a bounty

reward for their conviction. A successful lobby by the society retained the original provisions of the bill.

## RECIPES

**Bread Dressing**  
1/4 pound ground pork  
1/2 cup grated onion  
2 frankfurters  
1 teaspoon salt  
1 teaspoon poultry seasoning  
1/2 teaspoon pepper  
4 cups soft bread crumbs  
1 egg  
Water or meat stock  
Brown ground pork and onions. Slice frankfurters and add with remaining ingredients and enough liquid to hold dressing together. Mix thoroughly.

**Boiled Ham Steak With Cinnamon Apple Hearts**  
1 slice ham, 1/2 to 1 inch thick  
3 firm apples  
1/2 cup sugar  
1 cup water  
1/4 cup red cinnamon drops

Boil sugar, water and cinnamon drops together until cinnamon drops are dissolved. Pare apples and cut slices crosswise about 1/2-inch thick; select largest slices and cut in heart shape with heart cutter. Simmer the apple hearts in the syrup gently until just tender, but not overcooked so they lose their shape. Remove from syrup and drain. Place ham slice on broiler

rack and insert in broiler so that top edge of meat is about 3 inches from the heat. Brown top side, turn and brown second side. A 1/2-inch slice of ham requires 18-20 minutes. When done, place ham slice on hot platter, arrange apple hearts around it, and serve immediately.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### Too Early To Cheer

Washington, March 2.—The same professional "liberals" who, in 1948, were solidly certain that "poor Mr. Truman," as they then used to call him, would be overwhelmingly beaten, are now just as unshakably prophesying that the Republican party as now constituted cannot win an election in the foreseeable future. The journalistic trumpeters of the New Deal, the Fair Deal and the Welfare State are particularly insistent that the "Grand Old Party" is in a pitiable state, "all washed up," gone beyond recall.

EVERY effort of Republican leaders, such as the recent one to equip the party with a "set of principles" and provide it with a "modern program" is met with jeers, sneers and further prediction of party disaster from the somewhat pompous disciples of the "Liberal Cause," who are preponderant both in the press and on the air. Despite the fact that these prophets have no record upon which to stand, there undoubtedly is a certain amount of truth at the moment in their indictment of Republican conditions. Certainly, the party is factually split, without an inspiring leader and lacking a true sense of direction. In addition, it is undernourished financially, with none of the patronage upon which political organizations depend and greatly depressed by a series of defeats covering almost twenty years.

ADMITTEDLY, the prospects are not bright. However, there are several reasons why the present attempt of the "liberal" columnists to sweep the Republican party up in a corner and apply a match to it seems absurd. One, of course, is the extraordinary rapidity with which the whole political scenery in this country can shift. Another is the fact that though defeated in the last three presidential elections not one of those defeats was of a kind to convince any unprejudiced student of politics that a majority of the people of the United States favored either the Democratic candidates or the Democratic policies. Extremely few will dispute that in 1940 and 1944 the Democratic victories were due to the war. In 1948 a majority of the people entitled to vote simply did not vote and Mr. Truman owed his success partly to the almost solid South, where he was—and is—extremely unpopular, and partly to the failure of Republicans to go to the polls. The result was a Truman election by a total vote so small as to make the subsequent talk of a "mandate" from the American people completely ridiculous.

THIRD reason is the internal dissension in the Democratic party, which, while not so loudly publicized (and never mentioned by

the "liberal columnists"), is actually deeper and more bitter than the factional feuds of the Republicans. The combination upon which the Democrats have relied for sixteen years—union labor, Negroes in the Northern cities, the radical splinter parties and the big-city machines—is not only getting increasingly harder to hold together but steadily engenders more and more antagonism. There is no doubt at all that the resentment is growing among Democrats all over the country at the degrading subservience of their party to the labor bosses. Their domination of the once-independent Democratic party is no longer an established fact which no one denies or even bothers to disguise. Look, for example, at the Democratic "pop rally" in Raleigh last January, where Administration leaders gathered to talk the doctrine of party regularity as an antidote for the revolting southerners. Who were the leading speakers? No one other than Jack Kroll, CIO's political director; Joe Keenan, AFL's political expert, and Ben Anderson, who directs the political activity of the railroad brotherhoods.

NOW, even some of the pro-labor publicists of the Fair Deal are beginning to feel that the openness with which the Democratic party has become labor ridden creates a certain reaction. This notion has been greatly strengthened by developments in Ohio, where the labor bosses of all factions have combined to drive Senator Taft out of public life this fall. Accepting the challenge, Senator Taft went directly to the Ohio people and already has had a response which even his enemies concede pretty well insures his election. Ohio is supposed to be politically the most significant State in the country but

the distaste of the people for a labor-bossed party has also been shown in New York, where Governor Dewey has twice been elected against almost united labor-boss opposition. It is a simple fact that today no Democrat can be nominated in New York for a State-wide office who hasn't been cleared through Labor Leader Dubinsky, boss of the so-called American Liberal party.

CONSIDERING all these facts, it does seem a little far-fetched to talk of the Republicans as the only party with internal trouble. Or, to assert that they have no chance to win either this year or in 1952. Perhaps, they may again go down to defeat, but right now there isn't the slightest foundation for the sort of propaganda to that effect with which we are being flooded. And it is getting pretty tiresome too. The fact is that with a first-class candidate and any luck at all the Republicans ought to win in 1952—no matter what happens this year. They are long overdue.

## Housework Easy Without Nagging Backache

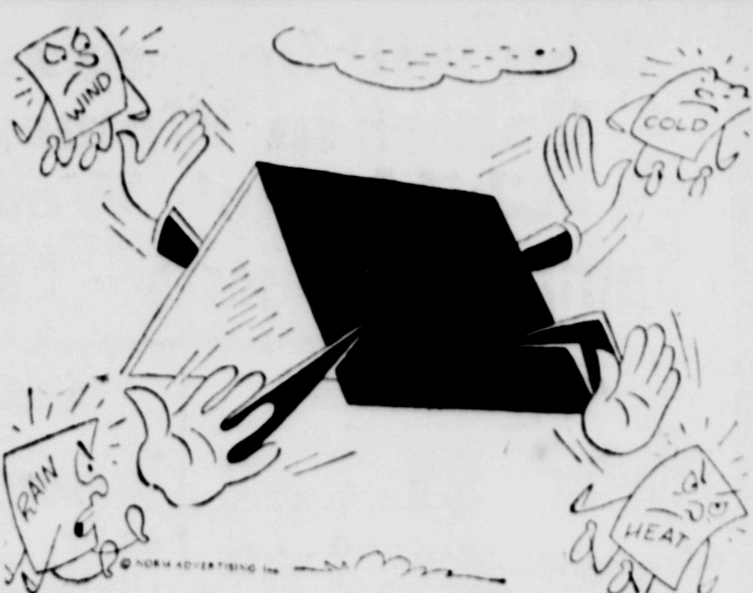

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste, get Doan's Pills today! ## SECONDARY SCHOOL STUDENTS INVITED TO ENTER ESSAY CONTEST ON ADVERTISING

Where else but in America has advertising played such a vital part in our lives by influencing the turnover of goods in our markets and stimulating mass production? But just imagine, if you can, an America without advertising! No sponsors for radio programs, no outdoor advertising, no beautiful ads in our magazines and newspapers, no Great White Way, and — more important, ultimately no jobs. Thus will be the theme of the essay contest sponsored nationally by the Advertising Federation of America and locally by the Philadelphia Club of Advertising Women. The topic, "An America Without Advertising," was selected by Justice Charles E. Murphy of the New York Supreme Court, who was Chairman of the Committee of Judges in last year's National Contest.

This contest is open to boys and girls attending secondary schools and compositions must be one thousand words or less, written in ink or typed on one side of the paper, and must include the contestant's name, age, address, and school. The participants for the local contest, sponsored by PCAW, will consist of high school students from Philadelphia, Montgomery, Delaware, Bucks and Chester counties in Pennsylvania, as well as Camden, Salem, Burlington, and Gloucester counties in New Jersey. The judges who will decide the best entries have been selected because of their long experience and savvy in the fields of writing and advertising. They are Mr. Paul Whiteman, well-known orchestra leader and Vice President of the American Broadcasting Company, Mr. Arch C. Luther, Editor of "Today," the Philadelphia Inquirer's magazine; Mr. Don Rose, widely-read columnist for the Evening Bulletin; Mr. Dean R. McCollough, Editor of the Daily News; Dr. John Minnick, former dean of the School of Education at the University of Pennsylvania; and Miss Margaret Mary Kearney, Speech and Drama Teacher at the Hallahan and West Catholic High Schools.

The prizes to be awarded are a

scholarship in advertising or journalism at the Charles Morris Price Evening School, a fifty dollar and twenty-five dollar bond, as well as five Parker Pen and Pencil sets. The first prize winner of our local contest will be entitled to compete for the national prize which will be a free trip to the Advertising Federation of America's convention to be held at Detroit in May, where a check of \$500.00 and a Certificate of Award will be presented to the winner. The Committee of Judges for the National Contest include Mr. Harry T. Ewald, President of Campbell Ewald Company, Mr. Robert U. Brown, Editor of Editor & Publisher, Miss Ellen Hess Duke, Managing Editor of McCall's Magazine, Mr. Don Francisco, Vice President of J. Walter Thompson, and Dr. John W. Studebaker, Vice President of Scholastic Magazines.

Last year, PCAW was very proud to have the first prize winner in its contest the recipient of the second prize in the national awards. We are hopeful of doing the same, if not better, this year. All entries must be mailed to the Philadelphia Club of Advertising Women, 1319 Locust street, Philadelphia, and awards will be made in April. Members of the Essay Contest Committee are Mrs. Helen Gingrich, Chairman, Miss Mildred Gillespie, Miss

Rita Nardone, Mrs. Adelaide Blaetz, Miss Helen Eden, Miss Edith Ault, Miss Jane Stretch, and Miss Mary Ward.

### FARMER ADVICE

EAST LANSING, Mich., (INS) — Agricultural economist L. H. Brown predicts "the next few years will be a poor time" for a young farmer to get a start "on a shoe string". The Michigan State College economist explained the country apparently is entering a period of declining farm prices. Brown advised "a young man with limited capital would probably do better to invest his capital in machinery and livestock and rent a good farm on a fifty-fifty livestock and share lease."

## MARRIAGE LICENSES ISSUED TOTAL 84

February List at Doylestown  
Includes Several  
Divorcees

### ONE BRIDE IS ONLY 15

DOYLESTOWN, Mar. 9 — February was short in days, but as long on romance as many of the other months, with 84 marriage licenses issued in the Orphans' Court, here.

It was also a contract renewal period for a large number of recent divorcees, six of the feminine applicants having just received papers severing relations with former mates, and over a dozen waited less than a year before going again into double harness. Thirty-five al-

together had been married previously, one man making his third try for marital bliss.

A bride and groom from Langhorne took the "youngest couple" honors for the month, the bride being only fifteen and her husband 16. The other eight underage grooms were all 19 and 20 and of the brides who required parental consent, one was 16, five were 17, four were 18, 9 were 19 and 3 were 20 years of age.

Death had severed former ties for four men and three women, one groom of this group also forming a third marriage partnership.

Six states were represented by

24 candidates for the orange blossom trail, 18 coming from nearby Jersey, two from Massachusetts, and one each from Minnesota, Michigan, North Carolina and New York. In fact nearly half of the Lohengrin marchers came from outside the county, Philadelphia as usual sending the largest number of applicants, 29 men and 19 women.

Bristol was much lower than customary, supplying only seven brides and ten grooms, while the county seat tied Morrisville for fourth place each giving two men and five women to the altar. Quakertown was again in second place with nine

licenses and Langhorne third with eight. Croydon provided five, but all the rest of the middleaislers arrived in ones and twos from all over the county.

**NORTHEY BELTS**  
CINCINNATI, (INS) — Ron Northey, acquired by the Reds from

the Cardinals during the off-season, delivered the crucial blow in the longest 1-0 game in modern league history to be decided by a home-run. Ron accomplished this feat when he homered off Boston's Al Javery to provide the winning margin in the Philadelphia Phillies 1-0 15-inning victory over Boston on June 22, 1944.

The game will be played on the University of Pennsylvania's Palestra, 34th and Spruce streets, Philadelphia, starting at 7:30 o'clock. Another Class A game will be played following this tilt with Haverford High meeting Lansdale High.

The winner of the Bristol-West Chester game will play Yeading in the semi-final round, Tuesday, March 14th, at the Palestra. Yeading defeated Conshohocken, 46-27, to qualify for the semi-finals. The winner of the Haverford-Lansdale game will play Ridley Township which drew a bye in the first round.

Bristol is representing Class A in Lower Bucks County while West Chester represents Class A in Philadelphia Suburban Three. Morrisville, representing Class B in Lower Bucks, was eliminated by Upper Merionland, Tuesday night, at Abington.

The Warriors ended their regular season with twelve wins and eight defeats and then beat the Alumni team in a post-season contest to keep themselves in trim for the playoffs. This is the third time that Coach Jerry Bloom has guided the Bristol High team into the playoffs by winning the Lower Bucks championship. His other two teams won their opening rounds by beating West Chester and Conshohocken and then were eliminated by Norris-town and Radnor, respectively.

Coach Bloom and his Warriors are confident that they will go higher than in previous years. Coach Bloom prepared for the tournament by arranging one of the stiffest basketball schedules in the history of the school. His club played the best PIAA, Philadelphia public schools, and Catholic schools of this section.

Although the locals' record is not as impressive as in previous seasons, the experience gained by playing tougher teams was invaluable. The Warriors had on their schedule such schools as Overbrook (presently battling for the Philadelphia Public School championship), Reading Catholic, Trenton Catholic, St. James Catholic of Chester, Allentown High (a strong favorite in the PIAA tournament), Brown Prep and George School. It also made a clean sweep of its Lower Bucks County schedule.

The Warriors appeared the best in their two final scheduled games of the season against Allentown

and Upper Merion. Bristol held the high-touted Allentown team well for three quarters but slipped in the final quarter. Against Upper Merion, the Bristol players worked Coach Bloom's pattern style of basketball to near-perfection and racked up 64 points. Coach Bloom is hoping for this kind of playing tonight.

Bristol's season average in shots was 28.8, it making 295 field goals in 1056 tries. Its second half shooting was better than the first, averaging 40 percent in shots. The Bristol players took 380 shots from the foul mark during the season and converted 191 for a little better than fifty percent.

Outstanding in the locals' lineup is lanky Frank Rich, 6' 1" center, who has played brilliantly all season. Not only is Rich a dependable scorer but his ability to grab the sphere on rebounds has been a main factor in many of the Bristol triumphs. Rich recovered 277 rebounds for the Warriors during the season.

One of the forward positions will go to Joe Pindar, also 6' 1", who cut the cords for 235 points during the regular season and was successful in securing 150 rebounds. Pindar and Rich accounted for nearly one-half of the rebounds possessed by Bristol during the season.

There is a question mark as to whom will be at the other starting forward post. Coach Bloom has the choice of "Howie" Grant and "Reds" Condit. Grant has shown remarkable improvement during the late part of the season and his ability to throw with both hands gives

him an edge on Condit. Condit at six feet is one-half inch taller than Grant.

"Vic" Cauti and Frank Barbetta seem certain to be the starting guards. This pair has excelled defensively all season. In addition, Cauti has proven himself to be a set-shot artist and was at his best in the post-season game against the Alumni. Barbetta is the smallest player in the line-up, standing at 5' 5". But his uncanny way of being able to snatch the ball from opponents has earned him plaudits all season.

"Charlie" Rauch, a junior, will receive either at forward or center. Rauch's 6' 3" makes him the tallest player on the squad. Also available to be used as substitutes are: Marty Braam, Dick Puchino, Alan Stoneback, Harry Eisenbrey, Vito Bascio, "Jim" Lewis and "Andy" Accardi. Accardi moved up from the junior varsity lineup of Harry McClister.
